Subject: Task Order No. 01

50X1

Under the above Task Order, a total amount of $10,427.00 was obligated. Contractor has requested overrun funds in the amount of $4,136.75 but has agreed to settle the Task Order for a total amount of $12,000.00 including fee, thus saving us $2,563.75. It will be necessary for you to obligate an additional $1,573.00 in order to close out this Task.

Negotiations on the overrun centered about the material purchased for this program. Much of the material was common to his everyday operations and he agreed not to put in a claim for it. However, some of it was unique to our project and I feel he should be paid for it. In addition, the material he purchased for our job and which was never used is available and I would like to get disposition instructions from you.

Therefore, if you could forward a requisition containing funds in the amount of $1,573.00 and furnish us with disposition instructions for the residual material, we will close out this Task and the [redacted] Contractor unless you SIGNATURE may have some further need for it.
